

L'Université  
de Montréal  
et de votre  
carrière.

Deeply rooted in Montreal and dedicated to its international mission, Université de Montréal is one of Canada's Top 100 Employers. Like the city whose name it bears, it is effervescent and multicultural.

UdeM attracts over \$500 million in research funding every year, making it one of the three university research hubs in Canada. It also ranks among the best universities worldwide and among the five best French language universities.

Through the achievements of the members of its community, UdeM participates in building today's and tomorrow's world.

## Assistant Professor in Veterinary Parasitology

Department of Pathology and Microbiology, Faculté de médecine vétérinaire

The *Faculté de médecine vétérinaire* (FMV) of the *Université de Montréal* is currently seeking qualified candidates for an Assistant Professor position in Veterinary Parasitology to join the dynamic multidisciplinary team of the Department of Pathology and Microbiology. The FMV is located in [Saint-Hyacinthe](#), the agricultural capital of Quebec with 57 000 inhabitants. The FMV is located 60 km (37 miles) from [Montreal](#), a vibrant city with an international airport and excellent flight connections to Europe, the USA and South America. The FMV is also within easy reach of beautiful, historic [Quebec](#) City and [Ottawa](#), the capital of Canada. The FMV is located off campus, but maintains strong collaborative ties to other faculties at the *Université de Montréal* and other universities within the province. FMV is ranked among the top 30 veterinary educational institutions in the world, according to the [QS World University Rankings](#). A structured mentorship program is available for newly hired professors. To learn all about the FMV and discover the effervescence of its faculty life, visit [our Website](#).

The successful candidate will join a dynamic team, made up of a group of professors in pathology and microbiology, clinicians and residents. The parasitology laboratory is an integral part of the [Centre de diagnostic vétérinaire de l'Université de Montréal](#). It is located in a recently build building, equipped with all the advanced instruments necessary for the detection, isolation, characterization and preservation of parasites of animal origin. It also includes a molecular biology laboratory as well as several associated laboratories to offer a complete diagnostic service, including a high-throughput sequencing platform. The cases examined in parasitology are varied and numerous, coming from veterinary clinics across Québec, a wide range of farms and animal productions as well as wild animals.

**As a professor, you will have the opportunity to contribute to the promotion of excellence in the Faculté de médecine vétérinaire.**

Through your teaching and your research activities. You will also ensure the visibility of your discipline in addition to actively participating in the operation of a renowned institution. As such, you will:

- > Participate in the teaching of students enrolled in the Doctor of Veterinary Medicine (DVM) program;
- > Participate in the teaching and training of graduate students, including students enrolled in the future residency program (DES) in microbiology with a speciality in parasitology;
- > Develop an innovative residency program in veterinary parasitology;
- > Develop an autonomous research program in parasitology. Collaboration on research projects is also encouraged;
- > Participate actively in the diagnostic activities in parasitology of the [Centre de diagnostic vétérinaire de l'Université de Montréal \(CDVUM\)](#) and in the development of clinical collaborations;
- > Participate in outreach activities for the discipline (publications, conferences and others);
- > Contribute to the operations of the institution.

## To succeed in this role, you'll need:

- > D.V.M. degree or equivalent;
- > Master's degree in the field of veterinary parasitology or equivalent;
- > Ph. D. degree in the field of veterinary parasitology or equivalent is considered an asset;
- > Have successfully completed a residency in veterinary parasitology and be a diplomate of the American College of Veterinary Microbiologists (ACVM) or the European College of Veterinary Microbiologists (ECVM); candidates eligible for certification exams of said colleges will also be considered, but priority will be given to diplomates;
- > Hold or obtain a license to practice veterinary medicine from the [Ordre des médecins vétérinaires du Québec](#) (OMVQ);
- > An adequate knowledge of the French written and spoken language **or** a strong commitment to mastering the proficiency level required, in accordance to [Université de Montréal's Language Policy](#). An institutional learning support program is offered to all professors wishing to learn French or improve their communication skills.

## How to submit your application

If you have any questions or would like to discuss employment informally before submitting your application, please contact Dr. Marie-Odile Benoit-Biancamano.

All candidates are asked to submit a letter of intent detailing their research interests and career objectives, including a summary of their research program proposal and a short description of their teaching philosophy as well as their curriculum vitae, a copy of their diplomas, and the full name and contact information (phone numbers, email, postal address) of 3 referees. Applications should be sent to:

**Dr. Marie-Odile Benoit-Biancamano, DMV, Ph. D., DACVP, DECVP**

Chair, Department of Pathology and Microbiology

Faculté de médecine vétérinaire, Université de Montréal

3200, rue Sicotte, St-Hyacinthe (QC) J2S 2M2

Phone: 450-773-8521, extension 8283

Email: [marie-odile.benoit-biancamano@umontreal.ca](mailto:marie-odile.benoit-biancamano@umontreal.ca)

## Additional information about the position

<b>Reference number</b>	FMV 04-23/7
<b>Application deadline</b>	Until July 31, 2023 <i>Applications received after the deadline might be considered if no other timely applications meet the requirements.</i>
<b>Salary</b>	Université de Montréal offers competitive salaries and a full range of benefits
<b>Starting date</b>	As of November, 2023

## DIVERSITY AND INCLUSION

Université de Montréal is strongly committed to fostering [diversity and inclusion](#). Through its *Equal Access Employment Program (EAEP)*, UdeM invites applications from women, Aboriginal people, visible and ethnic minorities, as well as persons with disabilities. We will –confidentially – adapt our recruitment mechanisms to the specific needs of people with disabilities who request it.

UdeM embraces a broad and inclusive definition of diversity that goes beyond applicable laws, and therefore encourages all qualified individuals to apply, regardless of their characteristics. However, in accordance with Canadian immigration requirements, priority will be given to Canadians and permanent residents.

In order to measure the impact of its equity, diversity and inclusion actions, UdeM is collecting data on applicants identifying themselves with one of the groups targeted by the Equal Employment Opportunity Act, namely women, Aboriginal people, visible minorities, ethnic minorities and people with limitations. To this end, we thank you for completing [this self-identification questionnaire](#). The information you provide through this form is **strictly confidential** and will be shared only with those responsible for the UdeM EAEP. If you wish, you may also indicate that you belong to one of the targeted groups in your cover letter, which will be reviewed by the selection committee and the assembly of peers.

Université de Montréal's application process allows all members of the Professor's Assembly to review the application files submitted. If you wish to keep your application confidential until the shortlist is established, please mention it in your application.
